

Methodological Challenges of Meta Analysis in the Social Sciences

Workshop Programme

Lisbon School of Economics and Management
16th & 17th May 2023

Lisbon is a cosmopolitan and multicultural city situated less than three hours by plane from most European capitals. It is well served by public transport. The centre is fifteen minutes away from the airport. The ISEG campus is located in the city center of Lisbon, between Lapa and the Assembly of the Republic.

Presenters Dinner - <https://papacorda.com/> Considered one of the most emblematic restaurants in Lisbon, Pap'Açôrda was born in the 80s, in the heart of Bairro Alto, the nerve center of the city's cosmopolitan life. In 2016, following the new dynamics that make the city pulsate, we accepted the invitation of Time Out Lisboa and moved to the 1st floor of the Ribeira Market, the target of a reconversion project by the architect duo Aires Mateus.
