

Conference Programme

Tenth International Meeting on Experimental and Behavioural Social Sciences (IMEBESS)

Prague is one of the most beautiful cities in the world. The city is romantic and successful, ancient and modern, but above all it is a city that is cosmopolitan through and through, very used to welcoming visitors. The Prague Congress Centre is one of the largest and best-equipped European centres, the ideal venue for this event. Metro access to the City Centre from the venue is convenient and takes minutes.
